## Background and Experience

Please briefly present the organisation/group (e.g. its type, scope of work, areas of activity and if applicable, approximate number of paid/unpaid staff, learners and members of the group)

The Mohács-Kölked Református Társegházközség Pándy Kálmán Otthon (Pándy Kálmán Home of Mohács-Kölked Presbyterian Parish) (MKRTPKO) has had an operating license since 1953.

The scale of operation of the institution:

Nursing home for persons with intellectual and multiple disabilities (capacity for 50 persons, country level)

Nursing home for persons with psychosocial disability (capacity for 83 persons, country level)

Supported housing (capacity for 56 persons, county level)

Day care centre for people with disabilities (capacity for 30 persons, sub-regional level)

Support service: sub-regional level

Pándy Kálmán Home of Mohács-Kölked Presbyterian Parish operates a residential institution providing care to persons with intellectual disabilities, people with multiplied disabilities and to persons with psychosocial disabilities who cannot live on their own or only with continuous assistance. Within the framework of full service it provides at least three daily meals, clothing as needed, textiles, housing, mental care and healthcare. .... % of persons using institutional services are with high support needs, they need increased attention and assistance.

There is a drama group, a play-back group, a choir, a drum band, a dance group and a sports club (archery, football) in the institution. In addition to creative workshops and music therapy, strong emphasis is placed on work.

The aim of employment within the institution is to preserve or develop the activity, maintain or improve the somatic-psychic state of persons with intellectual or psychosocial disabilities. There are several types of employment possibilities available for the residents in the institution. On the 01st of September 2002. a workshop was opened in the frequented part of the city – far away from the institution - where besides the residents of this home also other people with disabilities can work. On average between 70 and 80 people work within or outside the institution as well as in the framework of sheltered employment.

Pándy Kálmán Home - in a network form - provides supported housing services at more locations. Supported housing operated by the Home provides the following services - in accordance with the age, health status and capability for self-support -to maintain or promote the independent living of the persons using the service:

- housing service
- case management within the scope of mental health and social work, case management with other supporting techniques
- giving assistance in the use of public services and other services which facilitate the participation in social life
